

HARI PRASATH M

Data Science & Analytics Fresher · Python · SQL · Machine Learning · Power BI · Data Analysis · Data Management

📞 9361858967 · ✉️ haridavid07@gmail.com · [LinkedIn Profile](#) · 📍 Madurai, Tamil Nadu

PROFESSIONAL SUMMARY

Data Analyst fresher with hands-on experience in Excel, SQL, and Power BI. Skilled in data cleaning, data analysis, and dashboard creation. Strong understanding of data visualization and problem-solving, with the ability to derive insights from data.

TECHNICAL SKILLS

Languages & Query Python , SQL	Deep Learning Neural Networks, Deep Learning Frameworks
Machine Learning Supervised Learning, Unsupervised Learning, Naive Bayes, Collaborative Filtering, Scikit-learn, Regression, Classification, Clustering	Concepts Data Cleaning, Data Validation, Data Analysis, Data Quality, EDA
Databases & Tools MySQL, HTML, CSS, VS Code	BI & Dashboards Power BI, Tableau, MS Excel (Pivot Tables, VLOOKUP), Google Sheets

EXPERIENCE

Machine Learning Intern Dot Com Infoway Pvt. Ltd., Madurai	May 2025 – Jun 2025
- Built and optimized machine learning models using Python for data-driven solutions. - Conducted data cleaning, preprocessing, and feature engineering to enhance model performance. - Applied algorithms such as Naive Bayes and recommendation techniques for real-world use cases. - Analyzed data and generated insights to support decision-making. - Gained hands-on experience in ML workflows, model evaluation, and deployment basics.	

PROJECTS

AI For Hyper Personalized in E-Commerce	Python · ML · Scikit-learn
- Developed a personalized product recommendation system using collaborative filtering and content-based techniques to analyze customer behavior. - Performed data preprocessing and feature engineering to improve recommendation accuracy. - Built a scalable system to generate relevant product suggestions, enhancing user experience.	
Personalized Diet Recommendation System	Python · Naive Bayes · Matplotlib
- Built a diet recommendation system using Naive Bayes algorithm based on user health data such as BMI and dietary needs. - Analyzed nutritional datasets to generate personalized meal plans. - Created visualizations to present insights and improve user understanding.	

EDUCATION

M.Sc. Data Science · The American College, Madurai	GPA: 7.1 / 10 · 2024 – 2026
B.Sc. Computer Science · The American College, Madurai	GPA: 6.4 / 10 · 2021 – 2024
Relevant Coursework: Machine Learning · Deep Learning · Data Mining · Statistical Methods · DBMS · Data Structures & Algorithms · NLP	

SOFT SKILLS & LANGUAGES

Skills: Analytical Thinking · Quick Learner · Time Management · Team Collaboration · Client Communication · Problem Solving
Languages: Tamil (Native) · English (Professional)
